**Subject:-** Conduct of District/UT Championships and selection trials in Government owned sports infrastructure.

## Circular

It has been observed that various Sports Associations recognized with the J&K Sports Council are conducting District/UT Championships and selection trials in privately owned sports facilities, despite the availability of adequate government owned sports infrastructure developed and maintained by the J&K Sports Council.

The J&K Sports Council has over the years established sufficient sports infrastructure across the Union Territory to facilitate proper training, competitions and selection activities. Conducting official championships and trials in private venues not only undermines the optimal utilization of government infrastructure but also affects the participation levels and performance standards of athletes, as the facilities available in private setups often do not meet the requisite norms and specifications.

Therefore, in order to ensure uniformity, transparency and optimum utilization of Government sports facilities, it is hereby directed that all recognized Sports Associations shall mandatorily conduct all District and UT level Championships and selection trials in sports infrastructure owned and managed by the J&K Sports Council.

In case, the required infrastructure is not available under the jurisdiction of the J&K Sports Council for a particular sport or event, the concerned Association may utilize private infrastructure only after obtaining prior written permission from the concerned Divisional Sports Officer (Jammu/Kashmir). The request for such permission must clearly specify the reasons for non availability of Government infrastructure and details of the proposed private venue.

*[Handwritten signature]*

Non-compliance with these instructions shall be viewed seriously and may lead to appropriate administrative action, including suspension of financial assistance or recognition of the concerned Association.

This circular shall come into force with immediate effect.
